"We recently brought in the Rhapsody and Flamenco styles from the Crystalex collection. The sheer thin rim on the glass makes for a delightful drinking experience and lends itself to a higher end glass. I like the clear color which enhances the presentation of specialty and original martinis. The size of each glass is stylish, and an ideal design for our clientele. The martini glass is a perfect pour from shaker to stem. Our main customer base is female and they especially enjoy the stem length, the amount of the pour and the look of the glass."

Michael Velarde, Owner | Wine Down By The River
